- vi. To observe safety regulations and working procedures to ensure accidents to people and equipment are avoided; and
- vii. To attend both reported and unreported temporarily breakdowns immediately without any delays so as to ensure customers have constant power supply.

1.0.10 QUALIFICATIONS AND EXPERIENCE

Form IV or VI plus Trade Test Grade I or II or Certificate in Electrical installation level II or III from recognized institution. Possession of Computer Skills and A driving license class C, C1, C2 and E will be an added advantage.

1.0.11 MECHANICAL TECHNICIAN (GENERATION) – 10 POSTS

1.0.12 WORKSTATION: KINYEREZI II GAS PLANT, UBUNGO I GAS PLANT, TEGETA GAS PLANT, KINYEREZI I EEXTENSION, AND SOMANGA.

1.0.13 SUPERVISED BY: MECHANICAL ENGINEER

1.0.14 DUTIES AND RESPONSIBILITIES

- i. To execute all planned maintenance work and operation of the plant with objective of ensuring maximum efficiency of the plant and power availability in the grid;
- ii. To ensure machine manufacturers recommendations and safety regulations are observed all the time;
- iii. To conduct thorough inspection of generating sets and their accessories and report to maintenance Engineer for any defects and carry out remedies;

- iv. To carry out visual inspection of equipment and instruments and to report any faults and defects;
- v. To ensure company safety rules, standards and regulations are adhered to all the time and proper safe guards are established and maintained to protect the interest of the company in relation to the reliability of plants, the safety of personnel and security of the equipment;
- vi. To be responsible for performing preventive maintenance, Major maintenance, adjustments and repairs on mechanical equipments; and
- vii. To be responsible for preparation of requirements of spare parts and tools/equipment requirements for efficient station operations.

1.0.15 QUALIFICATIONS AND EXPERIENCE

Form IV or VI plus Full Technician certificate or Ordinary Diploma in Mechanical Engineering. Computer knowledge and skill is compulsory. Possession of driving license class C, C1, C2 and E will be an added advantage.

1.0.16 ELECTRICAL TECHNICIAN (GENERATION)- 6 POSTS

1.0.17 WORKSTATION: KINYEREZI II GAS PLANT AND TEGETA GAS PLANT

1.0.18 SUPERVISED BY: ELECTRICAL ENGINEER

1.0.19 DUTIES AND RESPONSIBILITIES

- i. To be responsible for operating, controlling, maintaining, testing, troubleshooting, installing and repairing electrical control systems and equipments in hydroelectric power generating operations;
- ii. To perform minor maintenance, adjustments and repairs on electrical equipments including pumps etc;
- iii. To operate, control and monitor hydro-electric generating units and auxiliary equipments;
- iv. To carry out visual inspection of equipment and instruments and to report any faults and defects;
- v. To carry out load switching at power house and switchyard;
- vi. To check regularly the power systems according to the instructions by taking hourly readings of instruments, gauges etc;
- vii. To restore the system in the shortest possible time during the system/plant fault outages; and
- viii. To test and performs minor repairs on circuit breakers

1.0.20 QUALIFICATIONS AND EXPERIENCE

Form IV or VI plus Full Technician Certificate or Diploma in Electrical Engineering from recognized institutions. Computer literacy is a must.

1.0.21 LABORATORY TECHNICIAN – 1POST

1.0.22 WORKSTATION: KINYEREZI II GAS PLANT

1.0.23 SUPERVISED BY: TECHNICIAN – CHEMICAL AND PROCESSING ENGINEER

1.0.24 DUTIES AND RESPONSIBILITIES

- i. To be responsible for efficient running of engine and the auxiliaries, to ensure maximum efficiency and optimum condition of operating, switching and maintenance;
- ii. To be responsible to test and evaluate hourly boiler feed water test and steam analysis tests and determine the proper water treatment required for efficient Heat recovery steam generator/boiler operation;
- iii. To be responsible to perform daily water analysis test at the water treatment plant;
- iv. To be responsible to perform daily waste water analysis test at the waste water treatment plant;
- v. To be responsible to perform daily closed-circuit cooling water (CCCW) analysis test;
- vi. To produce daily reports as necessary and on a regular basis related to water and steam quality to chemical and process engineer;
- vii. To ensure safe working conditions and compliance with TANESCO health and safety policy;
- viii. To maintain best practice knowledge of water chemistry and water quality assurance; and
- ix. To maintain a constant awareness of safe work practices.

1.0.25 QUALIFICATIONS AND EXPERIENCE

Form IV or VI plus Ordinary Diploma in Industrial Laboratory Technology from any recognized Higher Learning Institutions. Minimum of one (1) year experience in the relevant field. Computer knowledge is compulsory.

1.0.26 ARTISAN - WELDER – 1 POST

1.0.27 WORKSTATION: KINYEREZI II GAS PLANT

1.0.28 SUPERVISED BY: MECHANICAL TECHNICIAN

1.0.29 DUTIES AND RESPONSIBILITIES

- i. To be responsible for maintenance of plant machinery by attending all plant equipment, fabrication of parts and welding maintenance of a power generating facility so that to ensure smooth running of all plant machinery at the station;
- ii. To perform all welding works with help of forming and cutting equipment;

- iii. To perform repair turbines and generators by applying appropriate welding techniques;
- iv. To interpret blueprints, specifications, diagrams or schematics to determine appropriate welding process;
- v. To Set and operate welding equipments, select appropriate materials, and preps works pieces in accordance with part geometrically, properties of material and scope of repair;
- vi. To identify all safety risks and requirements as well as comply with all applicable quality, healthily, safety and environmental regulations; and
- vii. To inspect completed welds to determine structural soundness.

1.0.30 QUALIFICATIONS AND EXPERIENCE

Form IV or VI plus Trade Test Grade I or II or Certificate level II or III in (Welding & Fabrication) from recognized Technical institution. Minimum of one (1) year experience in the relevant field is required.

1.0.31 REFRIGERATION ARTISAN – 1 POST

1.0.32 WORKSTATION: KINYEREZI II GAS PLANT

1.0.33 SUPERVISED BY: ELECTRICAL TECHNICIAN

1.0.34 DUTIES AND RESPONSIBILITIES

- i. To be responsible for carrying out maintenance of air compressors instrumentation air driers refrigerators and air conditions to support power generation activities at the plant;
- ii. To supervise the subs contractor contracted for servicing plant air conditioning equipment;
- iii. To execute properly preventive maintenance of all air condition equipment at the plant in a planned time to ensure emergence breakdowns are avoided;
- iv. To perform all refrigeration and air conditioning duties at the Plant;
- v. To be responsible for carrying out installation and testing of new refrigeration system in the power plant;
- vi. To identify all faults/defects of the air conditioning equipment and carry out necessary repairs;
- vii. To ensure company safety rules, standards and regulations are adhered to all the time and proper safe guards are established and maintained to protect the interest of the company in relation to the reliability of pants, the safety of personnel and security of the equipment; and
- viii. To perform troubleshooting, preventive and predictive maintenance on chillers keeps proper inventory of consumable materials.

1.0.35 QUALIFICATIONS AND EXPERIENCE

Form IV or VI plus Trade Test Grade I or II or Certificate in refrigeration and air conditioning level II or III from VETA OR any other recognized technical institution. Computer literacy is added advantage.

1.0.36 ARTISAN PLUMBER – 2 POSTS

1.0.37 WORKSTATION: KINYEREZI II GAS PLANT

1.0.38 SUPERVISED BY: TECHNICIAN – MECHANICAL TECHNICIAN

1.0.39 DUTIES AND RESPONSIBILITIES

- i. To be responsible for plant plumbing works and repairs for piping systems in electric generating equipment, plant buildings, water treatment plant, heat recovery steam generators (HRSG) and other balancing of plant (BOP) equipment;
- ii. To carry out routine plumbing related maintenance works for Plant's equipment and all office buildings;
- iii. To review building plans and specifications to determine the layout for plumbing and related materials;
- iv. To carry out inspection works and submit defect and progress report to Mechanical Technician for check up;
- v. To maintain a constant awareness of TANESCO's health and safety policy.
- vi. Carry out new installation of plumbing system; and
- vii. To be responsible in repairing water treatment plant and waste water system at the plant.

1.0.40 QUALIFICATIONS AND EXPERIENCE

Form IV or VI plus Trade Test Grade I or II or Certificate level II OR III in plumbing from recognized Technical Institution.

1.0.41 ARTISAN - SYSTEM OPERATOR – 3 POSTS

1.0.42 WORKSTATION: TEGETA GAS PLANT

1.0.43 SUPERVISED BY: MECHANICAL TECHNICIAN

1.0.44 DUTIES AND RESPONSIBILITIES

- i. To maintain plant power house cleanliness at all times on daily basis and assist in the repair and maintenance of plumbing works in the station;
- ii. To clean dusts to all auxiliary equipment, & other units in the power house/workshop and around the plant;
- iii. To maintain and manage waste containers in good conditions as per instructions given for overall waste management at the collecting Bay;

- iv. To ensure that water and oil influents trenches in the power house are not obstructed by any material, and that they are clean all the time;
- v. To maintain storm water trenches clean around the Power Plant;
- vi. To manage cleaning materials and keep in good order as company properties;
- vii. To remove dirt from oily water collection pit and drain water from trays at Oil Pump Station, Gas pre-filtration units and Gas burners;
- viii. To assist plant attendants on duty to fill lube oil in case of oil change and oil top up on Engine Generating sets oil sumps and pedestal bearings;
- ix. To do general cleaning of power plant surroundings; and
- x. To participate in all plant safety programs, and other basic training of Gas Engine, etc

1.0.45 QUALIFICATIONS AND EXPERIENCE

Form IV or VI plus Trade Test Grade I or II) or Certificate in level II or III (Mechanical) Certificate from VETA or any other recognized Technical Institution.

1.0.46 DRIVERS – 252 POSTS

1.0.47 WORKSTATION: TEGETA GAS PLANT, GEITA, KAGERA, MOROGORO, KINONDONI NORTH, KINONDONI SOUTH, ILALA, DODOMA, KINYEREZI II, NJOMBE, MBEYA, SONGWE, RUKWA, SHINYANGA TABORA, KATAVI, KIGOMA, TEMEKE, DISTRIBUTION CONTROL CENTRE (DCC), PWANI, ILALA, ARUSHA, KILIMANJARO, TANGA, MANYARA, MARA, SIMIYU, AND MWANZA,

1.0.48 SUPERVISED BY: REGIONAL SUPPLIES AND TRANSPORT OFFICER

1.0.49 DUTIES AND RESPONSIBILITIES

- i. To drive and maintain the Company Vehicles in skilled, safety and courteous manner. Keeping Motor Vehicle records and incidences;
- ii. To drive and maintaining company vehicles as per laid down rules, traffic instructions and regulations, to facilitate company's business operations;
- iii. To drive vehicle on a schedule and designated route to ensure safety and timely delivery of staff and materials;
- iv. To maintain service schedule of the assigned vehicle and keep it clean. Performs minor maintenance tasks on assigned vehicle(s) including pre-trip inspections as required;
- v. To maintain accurate, up-to-date records on log sheets, vehicle maintenance, accident reports, vehicle condition reports and other records that are requested by management;
- vi. To coordinate the schedule for major or periodic vehicle maintenance with management to avoid service interruptions;

- vii. To monitor, ascertain and timely repair of Company vehicle according to the required standards;
- viii. To perform courier and messenger duties; and
- ix. To ensure Safety of staff and equipment at all times and make sure that “Risk assessment” is conducted per standing TANESCO safety provisions.

1.0.50 QUALIFICATIONS AND EXPERIENCE

Form IV or VI) plus Professional Driving Certificate from National Institute of Transport (NIT) or VETA, Valid Driving License Class C/C1/C2/C3 or E and Minimum of two (2) years of related working experience in a reputable Organization. Trade Test in Automobile Engineering or Mechanics from recognized institution will be an added advantage.

1.0.51 STORES ASSISTANT – 7 POSTS

1.0.52 WORKSTATION: KURASINI CENTRAL STORE (DAR-ES-SALAAM), MARA, SIMIYU, GEITA, KAGERA & MWANZA

1.0.53 SUPERVISED BY: STORES OFFICER

1.0.54 DUTIES AND RESPONSIBILITIES

- i. To be responsible for procurement, receiving, issuing and recording/storage of materials in the Regional store to ensure store balance is maintained at all time;
- ii. To receive materials from Suppliers to ensure there is conformity to specifications, quality and quantity correspond to given specification and storing the same in a safe place;
- iii. To post issue vouchers to ensure stock balance corresponds with received/issued items at all times;
- iv. To update stores transactions in appropriate business systems to ensure correct data management and control to facilitate business decisions;
- v. To carry-out Local Purchase Order to ensure that items purchased satisfy business needs and the company achieves value of money; and
- vi. To adhere safety in the section to ensure safety to employees, customers and equipments.

1.0.55 QUALIFICATIONS AND EXPERIENCE

Form IV or VI plus Ordinary Diploma either in Material and Logistic Management, Procurement or equivalent. He/she must be a registered Member of PSPTB or any relevant professional Body and possesses Certificate of Basic Computer Applications.

1.0.56 STORES ATTENDANTS – 4 POSTS

1.0.57 WORKSTATION: KURASINI CENTRAL STORE (DAR-ES-SALAAM)

1.0.58 SUPERVISED BY: STORES OFFICER

1.0.59 DUTIES AND RESPONSIBILITIES

- i. To be responsible for proper arrangement of store items, loading and offloading store items to ensure smooth operations of the store;
- ii. To ensure that stocks are well arranged, labelled for easy identification and counting;
- iii. To pick right materials for issuing to customers according to approved Stores issue voucher (SIV);
- iv. To assist in measure, counting and weighing of incoming and outgoing materials;
- v. To assist to ensure that stores documents are kept and controlled for internal and external use;
- vi. To load and offloading materials and equipment; and
- vii. To enhance safety matters in the section to ensure safety to employees, customers and equipment.

1.0.60 QUALIFICATIONS AND EXPERIENCE

Form IV or VI plus Certificate either in Material and Logistic Management, Procurement and Supply or Logistic Management. He/she must be a registered Member of professional relevant professional Body.

1.0.61 CUSTOMER CARE REPRESENTATIVES (CALL AGENTS) – 65 POSTS

1.0.62 WORKSTATION: HEAD OFFICE (DAR-ES-SALAAM) MARA, SIMIYU, KAGERA, GEITA MWANZA, &TEMEKE

1.0.63 SUPERVISED BY: PRINCIPAL CALL CENTRE/REGIONAL CUSTOMER RELATIONS OFFICER

1.0.64 DUTIES AND RESPONSIBILITIES

- i. To receive calls from customers and relay information to the recipient staff clearly, timely and perfectly;
- ii. To register all customer complaints in the special register and TANESCO'S Service Delivery Management System (SDM);
- iii. To properly record the time used to restore, repair, respond to customer complaints or breakdowns; and
